Where Your Child Always Comes First

KOALAS (5 Year Olds)

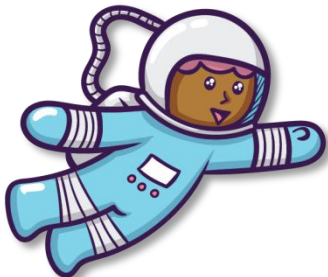

Wow! October flew right by us. We had such a great month of learning! We studied new letters G-O, we observed the leaves changing colors and we had a wonderful time learning about pumpkins. We also had some great activities along with these lessons which consisted of counting all the seeds that were in our pumpkin and decorating pumpkins. For the month of November, we will be studying new themes. Some of those themes will be new letters, the history of thanksgiving and the meaning of being kind and thankful. With these lessons we will also have some great events to correlate with the lessons. For example, families can participate in our thankful brunch happening the day before thanksgiving. Our class is so excited to see what our bright future holds!

THE BEARS (4-5 Year Olds)

Happy Thanksgiving everyone! To recap the month of October, we reviewed the topics of colors, dinosaurs, emotions, family and celebrated fall with a fall festival party, where we had a costume parade and treats. We also reviewed our numbers from 7-10 counting with different manipulatives from class. For the month of November, we will be discussing health, using our imagination to write a story and discussing why we are thankful. We will also be creating thanksgiving crafts and talking about jungle animals. Don't forget--we are CLOSED for Veterans Day as well as for Thanksgiving. It should be a fun month! VINE ASSESSMENTS are the week of November 5th. If you have any questions please feel free to stop on by and visit our classroom. We love having volunteers come by and visit for the day 😊😊😊

THE EXPLORERS (3-4 Year Olds)

To recap last month, the children enjoyed many fun facts and projects pertaining to Fall. They also enjoyed making Fall Harvest projects like ghosts, spiders, and pumpkins. The children also kept busy as they did the usual review of academics. We also focused on specifics like letters M and N, numbers Recognition 1 -10, and writing our names. In November, we will continue our review of academics and focus on letters O, P, and Q, along with numbers 11-20. In addition, the children will learn the history behind Thanksgiving and make some fun projects in honor of the holiday. Please check your child's cubbie daily for any notices and/or homework. Homework will be sent home and we ask parents to take the time to work on the homework with your children as it a key component to your child's development. Lastly, don't forget to mark your calendars and look for alternate child care as we will be closed November 12th, 22th, and 23th!!!

Where Your Child Always Comes First

BUMBLEBEES (3-4 Year Olds)

To recap this October, the Bumblebees learned a lot about the season (fall) and why it is called fall. My students were eager to collect leaves and look with the leaves under the microscope. We did some cool art work that's displayed around the classroom or placed in their cubby bins to take home. How can I forget about all the safety things we learned throughout this month?! We learned about the traffic light, how to dial 9-1-1 in case of an emergency, and also some fire safety tips such as: what to do if your clothes are on fire? And the STOP, DROP AND ROLL technique. During the month of November here are a few things your child will be learning: Being Thankful; Family; Recognizing and remembering different letters: F, T, G, and S; Taking turns and sharing with our friends; Experimenting with measuring tools; Using quiet indoor voices and saving their loud voices for outside; Remembering to use walking feet inside and saving the running for outdoors; and Cleaning after themselves and putting things away correctly.

BUTTERFLIES (3 Year Olds)

Hello beautiful November! I am so excited for this new month and for all the new activities we will be working on. October was a lot of fun as we enjoyed the last few days of warm temperatures outdoors with the children. In the month of November, we will focus on new numbers and counting with the children. Please remember that Veterans Day November 12th and Thanksgiving Thursday & Friday, November 22 & 23 Toddler Town will be closed. Don't forget daylight savings is November 4th and VINE ASSESSMENTS are the week of November 5th. Children will be exploring more into counting and playing class memory games with numbers. Parents let's work together on helping our children learn in the most fun and exciting way! If you have any question or concerns feel free to ask Ms. Yvonne or Ms. Irene. My email is yvonne@toddlertownchicago.com or you can call me @ (773) 622-9433 Ext. 23.

TOUCANS (2 Year Olds)

Hello November! In the month of October the children went on nature walks to show them the changing of the different color leaves in the trees as well as on the ground. We want to continue our walks but we need your help in making sure your child is in the proper clothing for the day. We have implemented more sensory activities and will continue focusing on our sand & water table and incorporating rice and play doh throughout the month of November. We also want to focus on being thankful and what /why we are thankful for. To our parents that will be celebrating birthdays in our toucan classroom you are more than welcome to bring pizza (only cheese) sugar free juice or fruit snacks. If there are any concerns, please contact Ms. Areli and Ms. Selena at areli@toddlertownchicago.com or you can call us at (773) 622-9433 EXT 22.
