Where Your Child
Always Comes First

ANNOUNCEMENTS

Important News

Please keep your child(ren) home if they have any symptoms which include, fever, cough, diarrhea, vomiting, shortness of breath, sore throat, muscle pain, green mucous, loss of taste or smell and if you have left the USA or have travelled to a HOT ZONE you can NOT enter the school.

MORE STUFF!

Recreational Travel to Another State

Practice the 3 W's from the time you leave your home and throughout your trip. Avoid travel to areas of higher risk. If you do travel to areas of higher risk, stay home if possible after returning and monitor your health for 14 days in order to protect the health and safety of yourself, as well as others.

Here's What We've Been Up To

Hello all and happy **August** , It's been a different time in our world but we're holding it together at TTDC. We want to thank all of our parents who have been patient waiting to drop off/pick up their child(ren) daily practicing social distancing while wearing face coverings.

We also want to remind parents that are in attendance at the center and at home that we are still using GOOGLE Classrooms. Make sure that your emails are up to date so that we can add you to our classroom lists. We also want to say **THANK YOU** to all of our staff for working so hard keeping TTDC a safe and clean environment.

Make sure credit cards are up to date and to make payments on 1st & 15th of every month

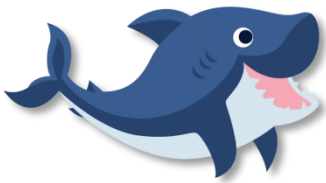

TTDC is a SUGAR FREE ZONE !!! Look out for info for all PARTIES

Where Your Child
Always Comes First

SHARKS (5 Year Olds)

Hola! We hope you all are enjoying summer so far, I wish we could have roamed around the parks, zoo, and the beaches freely! I wish we did not have to worry about walks without fear of getting sick, but in the Sharks' class we are trying our best to enjoy Summer. We go outside to play every day if the weather permits.

In the classroom, we are getting better at learning to social distance from each other and have fun at the same time. The children are very well trained at keeping their masks on when inside. In August we are looking forward to learning about Washing Hands again, and personal hygiene. We review the numbers and letters every day. We will continue improving our early reading skills with reading books, storytelling and sounding out the letters. Children will continue practicing writing their names.

Keep up the good work at home! Stay safe and healthy!

BUTTERFLIES (4 Year Olds)

Welcome to the month of August!!! It has been one month since reopening and our students have been ecstatic to be back. Our students have been playing and learning while keeping distance from one another and washing their hands constantly.

In the month of August, students will get back to our learning units. We will start off by introducing the life of a Plant Cycle. Students will learn how to plant their own seed and watch its changes. We will learn about different plants and how they grow. Some plants grow below the ground and some plants grow above the ground.

Remember to wash your hands and practice social distancing 😊😊😊
Please do not hesitate to call if you have any questions. 847-475-1467 EXT 14. Thank you from Mrs. Maritza, Ms. Julissa & Mr. Robert.

Where Your Child
Always Comes First

CHIPMUNKS (3 Year Olds)

With so much joy and excitement we welcome our students! We promise to keep our little ones safe and healthy in the mix of this unfortunate circumstance. As you know, each child will have their own section for the day that they will choose to explore. Each child has their own assigned seats with name tag, pencils, crayons, markers, notebooks, and scissors. Just like we have done before we will still focus on a letter, shape, number, color for the week and read books but in a unique way. We will still try to do things like we normally do but with a little twist. Each of our little ones will be required to bring two face masks in case if they get one dirty, we have a backup. Children's blankets are washed in school weekly, so you do not have to worry about bringing a fresh clean one each week ☺! I will still be sending pictures through teaching strategies as usual so you can see snippets of your child's day. We are constantly enforcing handwashing & sanitizing throughout the day.

BUMBLEBEES (2 Year Olds)

Hello bumblebee families! We are officially over a month into our re opening. Ms. Vanessa I and are glad that we have all remained safe due to these hard times. This month we will continue to keep your children busy and learning by going through our ABCs, numbers, shapes and colors daily while still social distancing and keeping a clean environment. We have also reached the last month of summer! Our class will continue taking advantage of the weather to keep as many activities as possible outdoors. We have missed you all Please feel free to contact Ms. Jasmin or Ms. Vanessa if you have any questions, comments or concerns please contact us at 847-475-1467

Where Your Child Always Comes First

Do not worry about your child not wanting to wear their mask. They love to have it on, they think they are ninjas and superheroes!
